**RE: NCWA Membership Dues
Agenda Item for 2/28/06 Board of Directors Meeting**

Northern California Water Association has sent an invoice for our 2006 membership dues in the amount of \$8,829.45. Rather than merely include this on the warrant list for approval, Mrs. Slinkard and I would like the Board's input regarding its desire to maintain this membership. Your consideration of one of the two following actions would be appreciated:

"I move that the 2006 NCWA membership dues in the amount of \$8,829.45 be paid."

Or,

"I move that the Agency's membership in the Northern California Water Association be terminated."
