TO: Board of Directors

FROM: Michael Glaze, General Manager

DATE: June 1, 2006

RE: Amendment of Rules & Regulations – Backflow Maintenance Charges
Agenda Item for 6/27/06 Board of Directors Meeting

The Agency's Rules & Regulations Governing Water Service specifies a monthly "backflow maintenance charge" for sizes $\frac{3}{4}$ " through 6-inch devices, as follows:

$\frac{3}{4}$ "	\$ 4.72
1"	7.07
1½"	9.46
2"	10.63
3"	23.63
4"	28.34
6"	41.35

Since adoption of these values, services have been installed needing both 8" and 10" backflow prevention devices. Therefore, a monthly maintenance charge for these larger devices needs to be approved by the Board. Staff is recommending \$50 and \$58, respectively, for 8" and 10" devices, maintaining the trend differential for the existing sizes.

We are recommending that the Rules and Regulations be amended as follows:

"I move that the Backflow Maintenance Charge schedule specified in Part D of the Rules and Regulations be amended to include a monthly charge of \$50.00 for 8" devices, and \$58.00 for 10" devices."
