

## ***SOUTH FEATHER WATER & POWER AGENCY***

---

**TO: Board of Directors**

**FROM: Michael Glaze, General Manager**

**DATE: September 18, 2007**

**RE: Water Division Surplus Equipment  
Agenda Item for 9/25/07 Board of Directors Meeting**

As with the previous item that had to do with Power Division surplus equipment, this item requests the Board's consideration for declaring surplus a lengthy list of items that have previously been discarded and replaced because they were broken or otherwise no longer functional. After a physical survey, the attached list of assets were identified as no longer in use and, because they were not recognized as assets that required Board action to declare them surplus, were typically disposed of as junk.

The total estimated value of the assets to be declared surplus is \$478,376. Once your questions have been answered, the recommended form of action is:

**"I move approval for the attached list of equipment to be declared surplus and removed from the list of Water Division assets."**
