**RE: Amendment of Rules & Regulations – Radio-Read Meter-Set Fee
Agenda Item for 5/24/05 Board of Directors Meeting**

Our present radio-read meters cost approximately \$140 and require about ½ hour to install. It is on this basis that our Rules & Regulations stipulate that customers/developers are charged \$185 as the “Radio-Read Meter-Set Fee.” If you approve the previous item to fund replacement of the old automated meter-read system, the new meters will cost approximately \$185 by themselves, with the installation additional.

It is our recommendation that the Rules and Regulations be amended as follows:

"In move that the Radio-Read Meter-Set Fee specified in Part D of the Rules and Regulations be increased to \$240.00."
